

DR. LEATHERS LEADS IN RED CROSS SEAL DRIVE

JACKSON, Miss., Dec. 15. (Sp.)—Beautiful and earnest Dr. W. S. Leathers, executive officer of the state board of health and president of the state Tuberculosis association, in his appeal to Mississippians to purchase Red Cross Christmas seals, has secured the largest interest being taken by the public in the sale of Red Cross Christmas seals in this state. Dr. Leathers, in his little stamps cost a penny apiece but the collective sale, if all the people will become interested in and support it, will amount to a great deal in our fight against tuberculosis. These Red Cross Christmas seals, which carry with them a beautiful sentiment apart from the practical outcome in obtaining a certain amount of money for fighting the white plague.

The money obtained by the sale of these seals will be used in the most careful manner for the treatment of this important work. All Mississippians know that the state at present has a tuberculosis situation which is a serious work throughout the state in proportion to the response being made by the citizens of the state in this campaign.

"It is certainly possible for every man, woman and child in the state to purchase at least one stamp and if this is done, it would amount to \$20,000. But there are scores of people who can purchase large numbers of these stamps for use on Christmas packages and instead of having a contribution of \$20,000, the amount would grow to a much larger sum. Surely this can and should be accomplished when there is so little output and such great gain made in a non-work way. We should think of the unfortunate victims of this disease and do our part while we prepare to make happy and merry others who are in better circumstances."

COAL CAR ORDER STOPS CORINTH'S STREET WORK

CORINTH, Miss., Dec. 15. (Sp.)—The contractor for the widening of the downtown district with utilities were notified this morning that no more gravel would be hauled from the railroad until after the first of February. This notice was the result of the withdrawal of all the rolling stock of this division for the winter, for the handling of the expected increased coal output on the return of the miners to work.

This will leave much of the work here in an unfinished condition and the streets will be in a shabby state during the remainder of the winter, which is a matter of much regret by the residents of the city.

75 HENS LAY 40 EGGS A DAY, INSTEAD OF 4

The Same Plan Mr. Schlenker Uses in Winter Should Work for Others.

"We had a bad winter here, and lots of our chickens were dying. We were getting 2 to 4 eggs a day. Then we read about Don Sung and his chickens and our 75 hens started laying 20 to 40 eggs a day."—Wm. Schlenker, Box 318, New York, N. Y.

Figure that out. About 3 dozen extra eggs each day, at 50 cents a dozen, made about \$48 per month extra income. Don Sung for his 75 chickens cost Mr. Schlenker about \$2 a month. Here's the same offer he accepted, and it's open to you.

Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself, pay us a refund profit besides. Simply tell us and your money will be promptly refunded. Don Sung (Chinese for egg-laying) works directly on the egg-laying system and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her strong and more active in any weather, and starts her laying.

Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung for his 75 chickens cost Mr. Schlenker about \$2 a month. Here's the same offer he accepted, and it's open to you.
